Notes:

- Eyelets** can be placed anywhere on the edge of the board at R0-35 per eyelid
- A **lead time** of between 5 and 10 working days are required depending on the scope of the work
- Artwork** preparation or manipulation is subject to quotation and additional time should be allowed this if required. Spot colour artwork should be supplied in vector format with fonts converted to curves (File formats accepted: .cdr(13), .ai, .eps, .fh10). Full colour or halftone work should be supplied in CMYK colour format and should be in the actual print size (File formats accepted: .jpg, .tif, .png, .psd and editable .pdf format). All artwork should allow at least 5mm margin around the edges with no bleeding. If colour is required to bleed off the board then trimming should be done after printing as described in note (10).
- We do not supply 2mm thick **YELLOW** correx
- YELLOW** instead of WHITE boards are subject to an additional charge of R0-90 per A3 x 3mm, R0.40 per 600 x 400 x 3mm, R1.75 per 600mmx450mm or A2 x 3mm, and R0-95 per A1 or 800mmx600mm x 3mm board.
- The price of **full colour work** is subject to an additional charge of R25 per colour (R100 per job) for A3, R53 per colour (R212 per job) for A2, 600x400mm and 600x450mm and R115 per colour (R460 per job) for A1 or 800mmx 600mm boards and is subject to our acceptance of the artwork.
- Artwork that is too small in detail to cut on a vinyl cutter (eg. Halftone colours, or small text) is subject to an additional charge of R25 per colour (R100 per job) for A3, R53 per colour (R212 per job) for A2, 600x400mm and 600x450mm and R115 per colour (R460 per job) for A1 or 800mmx 600mm **photographic positives**.
- White 3.5mm thick** boards instead of 3mm thick boards are subject to an additional charge of R1-95 per A3, R3.90 per 600mmx400mm, R3.20 per 600mm x 450mm, R11.85 per A1 or 800mmx 600mm boards.
- These prices are based on the assumption that spot colours from a standard range of 23 colours are used. (An approximation of any other colour can be mixed at a charge of R150-00 per colour per print batch) Please visit our website for more information on correx and to see a table of colours at <http://www.specializedgraphics.co.za/correx-posters.html#colours>
- Bleed Margin:** Since printing cannot be done over the edge of the board there is always a **margin** of approximately 5-10mm around the printing. Trimming these edges after printing can be done at a price of R0-30 per side. Trimming will affect the final board size.
- Shipping** outside the greater Pretoria area is subject to quotation and delivery in the Tshwane area and Midrand can be arranged at R190 per delivery
- About different information on the reverse side:** When printing double sided boards for example with a left arrow on the one side, it requires that the arrow on the reverse side be printed pointing to the right (this is to keep both arrows pointing in the same direction) and thereby making it different print information. In such a case prices in Table 3 at the bottom applies.
- Prices are subject to change** and should be confirmed before placing an order.
- Prices are all inclusive and is not subject to additional taxes such as VAT
- A **50% pre-payment** is required for jobs over R750-00 and jobs less than R750-00 is payable up front.
- In addition to the above, all quotations are subject to the Standard Terms and Conditions of Agreement and Indebtedness of Specialized Graphics that is available on the internet at <http://www.specializedgraphics.co.za/terms-and-conditions.html>
